Title: The Sand Mountain Armadillo War, A Tale of Coffee Shop Heroes...

Author: Johnson, FS

Description: Cal Gibson and his six lifelong companions provide a final burst of heartfelt determination and courage that unknowingly fosters revolution in a land written off as soft, spoiled, and doomed by greed. Cal's violent but heroic end spells out how this brave cowboy near sixty contributes more to his small community, his state, and his country during a cold December and January, than anyone could dare hope in a string of lifetimes. This intense but uplifting story tells of the heartland and its real people, their loves, tragedies, and spirit in terrible times. Cal Gibson grows to be a lone rock of decency and hope holding on in midstream as a fearful river rises. He provides the steady hand his community needs to cope with a calamity that today is all too possible.
